Velcro patches for name and unit patches.

One way zipped front closure.

2 large front pockets with zipper closure.

Light weight, cool and strong mesh body.

MOLLE webbing for pouches.

Velcro patches for unit patches.

Hydration system compartment in the back pocket.

Cable routing from the back to the front.

MOLLE webbing for pouches.

An easy to adjust 15-20 cm width elastic size adjustment in the back.

EQUIPMENT VEST -16

18-01162-28

Two zipped front pockets.
Zipped front closure.

Channels in the shoulders for cables
to the radio. Keeps them safe.

In the back a compartment for a
hydration system is placed.
Closes in the top with Velcro.

The size is adjustable 15-20 cm
with an elastic cord in the back.

The vest is compatible with the
MOLLE/PALS system and all
pouches can be attached securely
to it.

There are openings in the side
from the zipped front pockets so
cables can be pulled out.

The front, sides and shoulders are
covered with MOLLE webbing.

Pistol holster in hard plastic can also
be attached to the vest.

On the back a large area is covered
with loop Velcro.
Here a 10x25 cm patch can be
attached.

SNIGEL

COMBINATION GLOVE HOLDER -09

20-00531-28

DIMENSIONS:

9 x H=10 x D=2-4 cm.

WEIGHT

40 g

FEATURES

- * A versatile glove holder for two pairs of surgical gloves or one pair of normal gloves.
- * Two inside compartments for disposable gloves.
- * Fits most gloves vertically or horizontally.
- * Vertical leaves more space for other things on the belt.
- * There is exposed rubber on the inside of the holder to prevent the gloves from slipping out of the holder.
- * Velcro attachment system makes it possible to attach the pouch on any equipment vest or belt.
- * It is attached on the belt with the Velcro bands on the back of the pouch.
- * You can attach the holder without removing the pouches from the belt.

SNIGEL

DIMENSIONS:

W=4 x H=12 x D=4 cm.

WEIGHT

40 g

FEATURES

- * The tight General purpose pouch to store small items in.
- * The pouch is designed to be as light weight and take as little space as possible, while remaining strong enough for military use.
- * Elastic band, on the pouch to keep the contents secured, even when the flap is open.
- * Pull tab on the flap to make it easy to open, even with gloves on.
- * The flap can be pushed into the pouch and secured with Velcro for easier access to the thing you carry in the pouch.
- * Velcro closed flap with pull tab.
- * Fold back attachment system makes it possible to attach the pouch on any equipment vest or belt.
- * It has Velcro bands on the back that can be opened, so it can be carried horizontally on the trousers belt.
- * To carry it vertically you use the silent and easy to use fold back system on the back of the pouch. This system makes it possible to attach the pouch without removing other pouches from the belt.
- * Fits inside: Tear gas spray can, mobile telephone, 40 mm grenade and other similar items.

HANDCUFF POUCH -09

21-00485-28

DIMENSIONS:

W=11 x H=12 x D=2,5 cm.

WEIGHT

50 g

FEATURES

- * Just a good handcuff pouch that keeps the handcuff silent and secure.
- * Fits normal handcuffs.
- * Velcro tabs for fast closure of the flap.
- * Press button for added security.
- * Part of the flap is stiff, so it is easier and faster to open it.
- * The pouch is padded to protect the handcuffs.
- * Fold back attachment system makes it possible to attach the pouch on any equipment vest or belt.
- * This system makes it possible to attach the pouch without removing other pouches from the belt.
- * Velcro loop is sewn on the back of the attachment bands to keep the inner and outer belts together in our police equipment belt.
